

Panel Mount Features

• Direct-strain gauge input with 4.5-digit resolution
• 4mA–20mA analog output
• 0V–5V analog output
• Variable sensitivity from 0.5mV / V – 200mV / V
• Excitation 10V / 160mA to drive up to 4 load cells
• 6-wire input to compensate Zener Barrier losses
• 6-wire input to compensate for cable losses
• Flexible weighing indicator
• Simple 1-pass auto calibration
• Minimum set-up time on site
• Auto tare and peak-hold actioned by volt-free output
• Analog outputs are fully isolated
• Programmable in-flight compensation
• AC & DC power supply-options

Please note that specifications or results may vary based on device settings.
MSNST strives for quality assurance with each and every item we sell.

We're called specialists for a reason,

Best accuracies available in the industry

Best service in the industry, ready for any need

We focus on custom products made in Huntsville Alabama, USA
